- Tools: HTML, CSS, JavaScript, Node, SQL, Express, Heroku, handlebars, sequelize

EXPERIENCE

Operations Coordinator

2020-Present

Encounter the Truth

Ottawa, ON

Managed and developed a start-up company that produces radio broadcasts all over Canada and the US.

Key Accomplishments:

- Developed a user-friendly website using Squarespace, HTML, CSS, and Javascript, which enabled the radio broadcast to reach over 30 people per day.
- Uploaded daily broadcasts to online platforms such as YouTube, Spotify, and Subsplash.
- Collaborated with three different marketing companies and other radio broadcasting platforms to create an accessible platform for listeners.
- Created a mobile application using the Subsplash platform.
- Utilized social media platforms such as Facebook and Instagram to interact with listeners online.

Communications Specialist

2019-Present

The Metropolitan Bible Church

Ottawa, ON

Managed and developed online technologies, including website, social media, event registrations and graphics.

Key Accomplishments:

- Organized a communications pipeline to facilitate event planning and registrations for over 30 staff members.
- Updated and re-designed the website to create a user-friendly platform enabling hundreds of people to find information and register for events.
- Collaborated with other development teams and platforms to optimize company applications.
- Monitored and integrated online platforms that enabled hundreds of people to attend Church online throughout the Covid pandemic.
